Score Against Columbian on Referee's Wrong Decision.

THE GAME AN EXCITING ONE

Columbian Put Up a Splendid Fight Against the Strong Southern Elevon, Michough Wenkened by the Absence of Three of Their Best Players-Game in Detail.

Hangton, Va., Nov. 4 - The Columbia University featball eleven were defeated here today in one of the prottiest games ever placed on these grounds. The variety boys were alsy three of their best players who were unable to make the trip on account of various business engage ments. The team was patched up with secoral new men who, though full of grit, lacked the weight. The Hampton tekni is considered one of the very best elevens in the South, having played close nee with the University of Virginia, and the University of North Carollea. The average toeight of their eleven is 185 pounds and despite this the team reason as a sing Columbian University played them almost to a standard half were they able to score and it is a subject of much in contravers; if the touchdown was in accordance with the roles of feetball,

The Honget is openin semiled for a place prisoner on the special pleas filed, on the kies when they were within twenty saids ground that four terms of the court had exof the Columbian goal. The ball was kicked and it bounded back of the goal line, which according to the rules, should have brought it thick to the 25-yard line Capt. Lewis could easily have dropped on the boil, but as he says, he was so sure that the ball would be brought back for a chart while they returned a verdict in favor of the prisoner. This reneved him from further prosecution on account of the indictment for murder. Common-wealths attorney soldisan them states to the count has there were two mulcithat he did not deem it necessary to harry for it. Holt, the captain of the Hampton team, got the ball after it was Richest and ran behind the goal posts with it. JOCKEY CLUB'S NEW RULE

Substitutes to Fill the Place of Scratched Horses.

WILL INSURE LARGE FIELDS

Left-Over Entries Will Be Allowed to Stort When Horses Are Withdrawn-Regulars Begin to Arrive on the Trains From New York-Stables Now at Benning.

The influx of turfmen, as well as horse where, has begun Yesterday every train which pulled into Washington from the North was laden with "layers," as the book makers are now termed, owners, plungers and touts, who will make up the "regulars" at the meeting which opens at Penning tomorrow afternoon. These were only a forerunaer of what is to come, however as the biggest crowds will arrive today and tomorrow morning. By the time the first race is called to the post tomorrow after-noon the "regulars" themselves will make

up a very fair attendance. The meetings at Benning are usually regular tomanza to the average turf followers. The Washington public pours the money into the coffers of the layers and the tig pluncers from the Metropolitan tracks take their share of it out. Thus all hands are satisfied, as the local race-goers hav learned to expect to pay for their fun which only comes twice a year. With them it is a matter of pleasure, and a few dollarsone way or the other does not make

with the "regulars," however, there is different tale to tell, as upon their suc cess at these end-of-the-season meeting often depends their bread and butter for the wintermonths. The horsemen are look-ing for chough maney to take their strings to New Orleans of San Francisco, and the betters and layers want enough of the "long green" to enable them to stay in their beloved New York during the closed senson. This, therefore, accounts for the immense erowals which have followed the

banetads from the metropolis. The class of horses which will race a this meeting is not quite so good as has been seen at Benning in lotiner years, but at that the sport should easily ware u to the standard, "Johnny" McCafferty will have the star of the bunch in Resputat which he recently purchased at the Thong sen sale. Next to this grand colt Turne Brus. Dr. Carlett will in all probabilit carry off the homers. Both of these amina whil start several times during the meet

The jamping races, as usual, will be one of the big features. Mr. Howland bases sticks, which will be seen in action in some of the finder topping events. A meeting of the stewards of the Wash incton Joshey Clab was beld yesterday which resulted in the passing of a rule which is a decided innovation and which will guarantee full fields in every race. There is a rule of the Jockey Clai which regulates the number of starters in a race the winter of the track at the placefron allowed to each five feet, so, as the Remini contact is from sixty to seventy-from rec-wiste, from twelve to fifteen borses can start.
